# About US

## We're here for you

Working with us is simple, we take your brief, work with you to create your event, then deliver a seamless production service that will leave a lasting impression on your audience.

We work with event agencies, creative agencies and global brands, producing amazing events, from concept to delivery. Following our tried and trusted methods, each company we work with goes through the same process.

## Our Method

### CREATE

We take your brief and find the right solution for you, creating your vision and turning it into reality.

### INSPIRE

We get to work, building out your event, from stage and set design and build, lighting and sound through to event content we make your live event look and sound amazing.

### ENGAGE

We work with you, executing every single detail on the day. Working alongside your team to ensure things run to time and as expected.

# OUR TEAM

## Meet our team

Big Stage will provide a great team for you to create memorable event experiences for your audience, taking your brief and providing the execution for the event that is suitable to your specific needs and requirements.
